

Faulkner Design Group Handling Interior Design for New 1301 Throckmorton Omni Residences in Fort Worth, TX

DALLAS--([BUSINESS WIRE](#))--Faulkner Design Group has been retained to provide the interior design and planning for the new 1301 Throckmorton Omni Residences in Fort Worth, Texas, according to Adrienne Faulkner, president of Dallas-based Faulkner Design Group, one of the nation's leading interior and architectural design firms.

Sitting atop the new Omni Fort Worth Hotel, the luxury condominiums will offer breathtaking views and first class amenities, including a private pool, a private garden terrace, fully equipped fitness center, multi-purpose entertainment room with kitchen, and private storage spaces.

Sculpted from native stone and rich hardwoods and wrapped in glass, the Omni Fort Worth Hotel and the 1301 Throckmorton Omni Residences, will create a rustic yet refined feel. Inside each residence, Faulkner Design Group considered every detail to ensure a complete luxury experience. Standard finishes and amenities include quality fixtures and high-end appliances such as Viking® and ASKO®. Every resident will be able to select from three finish packages to customize their home — Traditional Series, Transitional Series and Contemporary Series.

Faulkner Design Group has designed a two-bedroom model with finishes from the Transitional Series for prospective residents to tour. In addition, the firm has created mock-ups of the three finish schemes which are on display in the sales center (also designed by FDG). FDG's Vice President Karen Peel and Designer Ashley Hulstrand attended the project's topping out ceremony on August 13. The Omni Hotel is set to open January 2009 and the residences are expected to be completed in the summer of 2009. The luxury project stands directly across from the Fort Worth Convention Center and Water Gardens, is walking distance from the city's burgeoning cultural centers, restaurants and nightlife, and will offer a casual yet sophisticated style and personality that is as gracious and dynamic as Fort Worth itself.

The 1301 Throckmorton Omni Residences project team includes Omni Hotel/TRT Holdings, developer; HOK and Gideon Toal, architects; Austin Commercial, general contractor; and Faulkner Design Group, interior design.

About Faulkner Design Group

Faulkner Design Group specializes in unique design solutions for garden-style, high-rise residential, mixed-use, senior and student living and urban lofts and town homes. The FDG design team regards each design solution like a fingerprint — no two are alike.
